

The Socorro Chieftain.

VOL. 5.

SOCORRO, NEW MEXICO, FRIDAY EVENING, AUGUST 17, 1888.

NO. 65.

TELEGRAPHIC.

SOLE SURVIVOR.

London, Aug. 17.—Lord Albemarle, one of the last surviving veterans of the Waterloo campaign, is reported to be dying. He is 89 years of age, and is the sole survivor of the eighty-four officers who sat down to the Duke of Wellington's last Waterloo dinner. The Queen has sent a special messenger to enquire as to the earl's condition.

UNCONSTITUTIONAL.

Olimpia, W. T., Aug. 17.—The supreme court rendered a decision yesterday morning in the women's suffrage case and declared the law passed by the last legislature giving the ballot to women unconstitutional. This is the second time the law has been passed and the second time it has been declared unconstitutional.

AN INSANE MURDERER.

San Jose, Aug. 17.—A man living about two miles from Los Gatos whose name is unknown, threw his wife out of bed yesterday morning and then jumped upon her crushing her brains out and killing her. The man next attacked his son but the boy escaped and ran to Los Gatos. The man was arrested and it is believed he is insane.

NATURAL GAS.

Fayetteville, Ark., Aug. 17.—The presence of oil or natural gas under this city, which was fully confirmed by an oil expert last spring, has had the effect of bringing to this city several gentlemen interested in manufacturing industries. Some of these are willing to risk the possibility of discovering what is in reality a certainty, and have invested their means here in various enterprises.

BLAINE IN PORTLAND.

Portland, Me., Aug. 17.—A great mass meeting was held in the city hall yesterday afternoon to express welcome to Mr. Blaine. Thirty thousand persons were present. When Mr. Blaine appeared in the corridor of the building a great shout went up from the crowd outside and was rebbed by the throngs in the hall, men cheering and ladies waving handkerchiefs. Mr. Blaine ascended the platform. General Henry B. Cleves was called upon to preside. He spoke briefly upon introducing Blaine, who then proceeded to make a political speech.

MOUNTAIN FIRE.

San Francisco, Cal., Aug. 17.—A great fire has been raging for several days on the eastern slope of Mount Diablo, which is thirty miles due east from San Francisco and is 3850 feet high. The mountain is a favorite resort of campers, and one of these parties on Friday night started the fire. It rapidly spread over the mountain, the underbrush being as dry as tinder. Many camping parties were driven out, some narrowly escaping with their lives, while thousands of dollars worth of property belonging to cattle ranchmen was destroyed. The ranchers would have lynched those who started the fire if they had caught them. The mountain was enveloped in flames, and at night it presented a magnificent spectacle.

ALL WANT HIM.

New York, Aug. 17.—In response to the question "Will Blaine go to California?" Secretary Fassett, of the republican national committee, said: "I don't know; it hasn't been settled yet. Colonel Estee, chairman of the Chicago convention, has written a very urgent appeal for Blaine. He thinks Blaine's presence on the Pacific coast would be a compliment to its people, and would be appreciated and would help the party. The committee has not decided the matter, however. There are some things that stand in the way of Blaine going to California. Probably the most important point is the length of time it will take for him to make the trip. We don't think we can hardly spare him from the east. Then if he should go to California, the republicans of every state he would pass through would want him to stop and would be mad if he didn't."

MAD DOG VICTIMS.

Mansfield, Mo., Aug. 17.—The dogs around here are going mad at a fast rate. Many have been killed, and there are a great many more mad ones at large. Yesterday Miss Mary Meek was bitten by a mad dog. Her father took her to Springfield, hoping to find a mad stone. He was shown in the Globe-Democrat of a late date a statement in which one Mr. W. J. Cotton, of St. Louis, offered to anybody who would try it the use of a mad-stone. Mr. Meek said that if he failed to find a mad-stone in Springfield he would take his daughter to St. Louis and avail himself of the use of the stone mentioned.

A man named Johnson is reported to have been bitten by a mad dog. He lives about ten miles east of here. Late last night two more cases were reported. A wholesale slaughter of dogs is going on for miles around here. Several dogs and some calves have gone mad, but have been killed.

ACTION BY MISSISSIPPI.

Jackson, Miss., Aug. 17.—The Mississippi State Board of Health promulgated the following order, which was sent to all health officers throughout the state:

Jackson, Miss., Aug. 13.—It is hereby ordered by the Executive Committee of the Mississippi State Board of Health, that on and after this day no person, baggage, freight or article capable of bearing infection shall be permitted to enter this state from any of the fever-infected points in Florida. The health officers throughout the state are charged with the enforcement of this order. Any violation of it should be reported to this office.

Signed: Wirt Johnson, Secretary Mississippi Board of Health. The Board is preparing to take very strong steps to keep yellow fever out of the state, and wherever deemed necessary a very rigid quarantine will be established.

AMERICAN PARTY.

Washington, Aug. 17.—The report of the committee on platform was adopted. It favors the abolition of the naturalization laws, demands that no criminals or insane persons be allowed to immigrate, and that in order to become an emigrant to the United States a person must satisfy the consul at the port from which he wishes to sail that he does not come under that clause, and must pay a per capita tax to the consul before sailing. And it declares in favor of a prohibition of immigration of all persons not in sympathy with the government of the United States, against alien ownership of land, in favor of free technical schools for American children, and in favor of the expenditure of the surplus for the building of fortifications and naval vessels. The chairman announced that nominations for candidate for President of the United States were in order. Ex-Governor Sharpe in a brief speech placed in nomination James T. Negley of Pennsylvania. Mr. Watts, of Maryland, nominated A. S. Hewitt, of New York. His uncompromising references to the British lion, the fisheries treaty, and Grover Cleveland were greeted with hives from some members of the New York delegation. Judge Church, of New York, placed in nomination J. L. Curtis of New York. The Colorado delegation seconded Hewitt's nomination, as also did the District of Columbia. New York seconded the nomination of Curtis. The result of the first ballot was as follows:

Curtis, 45.
Hewitt, 1.
Negley, 4.
Gen. Curtis was declared the nominee of the convention, and on motion of a delegate from Colorado, Gen. Curtis' nomination was made unanimous and great cheering.

DISBANDING.

Greensville, Ind., Aug. 17.—Energy Assembly, of this city, a leading organization of the Knights of Labor of Indiana, has gone having dwindled to that point that a quorum could not be secured for the transaction of business. The result is attributed to political

influence and the general failure of "strikes," the membership being divided in their conceptions of the objects of the organization as expounded by Henry George and Master Workman Powderly. An open effort is being made in Indiana to run the labor organization as a side show to the Democratic party, and the effect will be to wreck both.

NOTICE.

Several persons have not yet paid their Fourth of July subscriptions. All such are requested to settle up promptly, so that the committee may be able to make a final settlement and publish a statement of receipts and expenses.

Justice J. J. Smith, President.
